## ABOUT US

### History

The National Safe Haven Alliance was established in 2004 as a federally identified 501(c)(3) organization focused on ending infant abandonment and infanticide throughout the nation.

### Mission

The National Safe Haven Alliance equips Safe Haven Providers and parents with safe alternatives that prevent infant abandonment while providing holistic care for both parents and babies.

### Safe Haven Laws

Since 1999, the Safe Haven Law has been enacted in all U.S. states in addition to the District of Columbia and Puerto Rico. Each state and territory has enacted individual Safe Haven regulations including designated Safe Haven providers and age restrictions. To learn more about your state's Safe Haven Law or others throughout the country, please visit our website.
