KEEPING MOTHERS & INFANTS TOGETHER FUND

There are moments when a new parent may feel unable to care for their baby due to a lack of vital resources. This fund addresses those gaps for those who want to parent their infant. In 2022, **10** families benefited from this fund!

Baby Love Bags are infant care packages that include a newborn diaper, receiving blanket, beanie, and onesie for use when an infant is surrendered to a Safe Haven Provider. In 2022, **15** Baby Love Bags were distributed nationwide.

BABY LOVE BAGS

LOVE BUNDLES

Choosing adoption or Safe Haven relinquishment is a difficult decision for a parent. In 2022, a Love Bundle gift was sent to **2** families. Included in this gift are thoughtful and special items to show love and acknowledge their brave choice.

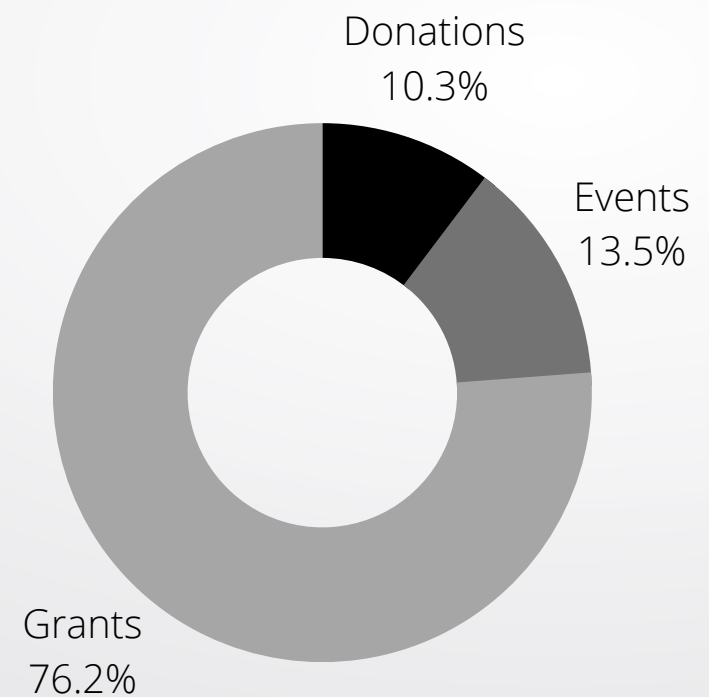

BABY SHOWER SPRINKLE

We are proud to give an extra dose of love to parents who have chosen, in the midst of difficult circumstances, to parent their baby. In 2022, **6** Baby Shower Sprinkles were sent to expecting and new parents throughout the country.

FINANCIAL SUMMARY

\$108,003 RAISED!

MAKING A DIFFERENCE

The National Safe Haven Alliance made significant headway in 2022, equipping Safe Haven Providers and parents facing unplanned pregnancies with safe alternatives that prevent infant abandonment while providing holistic care for both parents and babies.

In 2022, we experienced exponential growth that reached and impacted thousands of families and hundreds of Safe Haven providers nationwide. We had an increased focus on our 24/7 Crisis Hotline, which provides vital options for parents in need. The 2022 "What If" Infant Abandonment Prevention Conference helped providers and partners learn best practices to support parents in need.

Through our partnerships with other integral organizations, we also grew our wrap-around services and ability to promote decisions based upon real, tangible support. Today, we remain committed to being the leading national advocacy organization in the U.S., providing upstanding and professional services that lead to life-saving outcomes.

OPTIONS IN ACTION

In 2022, a scared young couple delivered a healthy baby girl in the hospital and soon after told the hospital's social worker that they were unable to care for the newborn and felt Safe Haven relinquishment was their only option. This triggered their call to our 24/7 Crisis Hotline. The social worker called to learn about their state's law and relinquishment process; however, our Crisis Response Team asked to share alternative options with the parent's approval. Thankfully, they agreed and instead chose to make an adoption plan. Within hours, an adoption agency was notified, and the infant's new family came to the hospital to meet their new baby girl and her biological parents. The couple happily opted for an open adoption, which would not have been possible otherwise. This outcome is so special and further validates the importance of discussing all alternative options in a crisis situation.

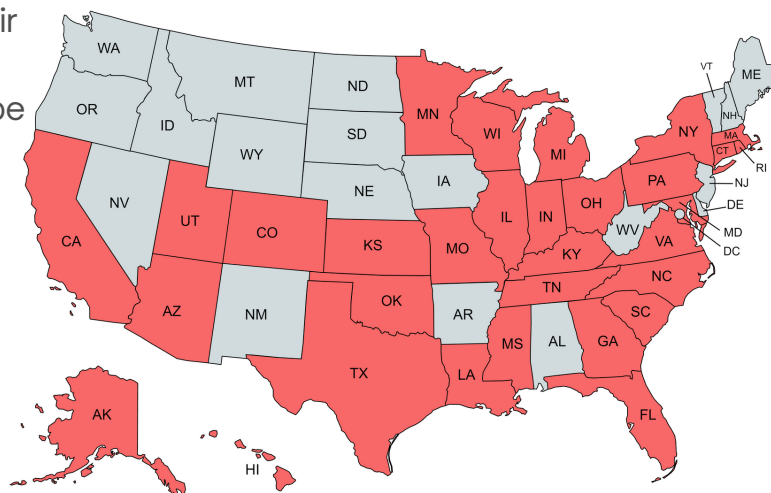

2022 ANNUAL REPORT

NATIONAL REPRESENTATION

We are proud to partner with other Safe Haven organizations and work hand-in-hand with volunteers across the country who support our mission. The National Representative Program allows our team to advocate for the Safe Haven Law in hard-to-reach communities nationwide and provides a greater level of support to those in need by leveraging their local resources. Our work would be truly impossible without these amazing advocates!
