

Dear Safe Haven Provider,

We are so grateful for your participation as a designated Safe Haven location. You are receiving a Baby Love package for your agency, carefully put together by a Safe Haven volunteer. The items can be used in the event that your Safe Haven location receives an infant.

Included in this bag should be:

- receiving blanket
- diaper
- onesie
- baby hat

We ask that you keep the clear bag of items in the paper bag provided and place it in a location that is accessible by staff and inform employees where this bag is located. Please keep items in the plastic bag to ensure they are clean for the baby.

You can request a Safe Haven sign to post in front of your agency and decals for your mobile units. Please visit our website: <https://www.nationalsafehavenalliance.org/signage>

We would love to post pictures of your Safe Haven site! Please email a photo of your installed signs to contact@nationalsafehavenalliance.org.

If you or your staff need Safe Haven training, please visit our website: <https://www.nationalsafehavenalliance.org/training> and complete the General Training Module for Safe Haven providers: [National Safe Haven Alliance Safe Haven Training - Overview](#)

Thank you for receiving Safe Haven training and signs as a designated Safe Haven location! We know how important this is for our community and for providers to be prepared to care for safely surrendered babies.

Sincerely,

Leah Kipley and NSHA Administration
Executive Director, NSHA
